

4. CHRISTCHURCH WASTEWATER TREATMENT PLANT: RESOURCE CONSENT PIPE ROUTE

The Senior Planning Engineer advised the Board about progress on further consultation relating to Jellicoe Street as a pipe route for the ocean outfall wastewater discharge. The Board **decided:**

1. That the information be received.
2. That the Community Advocate approach the Chairman of the Sustainable Transport and Utilities Committee to seek the appointment of Bob Andrews to participate in the hearing on 21 July 2003 of public submissions on the pipe route for the ocean outfall wastewater discharge.
