

1. PETITIONS

TRAVIS ROAD TRAFFIC MANAGEMENT PLAN

Two petitions were received from residents of Quantock Place concerning the Travis Road Traffic Management Plan. Each petition contains 16 signatures in total. The prayers read as follows:

“We, the undersigned residents of Quantock Place ask that these accessways into Quantock Place are taken off the plans.”

“We, the residents of Travis Country, ask that you reassess this part of the redevelopment and consider a solid median strip broken with turning bays for vehicles turning into and exiting Travis Country Drive (western end), similar to those which would have been painted during the 2003/04 safety improvements.”

The Board’s decision is recorded under Part B, clause 3 of this report.
