

4. SNOWDON ROAD – PROPOSED KERB AND CHANNEL RENEWAL

The Board was requested to approve for consultation the publicity plan for the renewal of the existing dish channel along the full length of Snowdon Road.

Some reservations were expressed over aspects of the intended design with the result that the Board **decided** that the proposed concept plan for Snowdon Road along with details of the other considered design options, be referred to the Works, Traffic and Environment Committee for further consideration and report back to the next meeting of the Board.
