

7. PROPOSED NEW ROAD NAMES

At the August 2003 meeting the Board was asked to give consideration to the naming of three new roads and a right of way to serve a new residential subdivision of 72 allotments off Dunbars Road, Halswell.

The names submitted were all related to garden flowers. The Board decided to reject the names, and sought "more appropriate" names from the developer.

Following the submissions made by Mr David Renwick on behalf of the subdivider (refer to clause 1), the Board **resolved**:

1. To revoke its August 2003 resolution to reject the names proposed by the subdivider for the Dunbars Road residential subdivision.
2. That the following names proposed by the subdivider be approved, with the names to be allocated to each individual street by the subdivider:

Cassinia
Burbank
Cyclamen
Crocus
