

# **WATER SUPPLY AUTHORISED INSTALLER REGISTER**

The Christchurch City Council proposes to establish a Water Supply Authorised Installer Register. By 1 April 2004, only Authorised Installers will be permitted to control water supply reticulation work involving:

- Council water supply mains contracts
- Council water supply sub mains contracts
- Fire service connections
- New subdivision connection and reticulation works
- Connection of new pump stations and reservoir to the Council reticulation

Individuals wishing to become an Authorised Installer should complete an application form. For further information on terms and conditions visit our web address below or phone 941-8748 to arrange postage or forwarding of documents. No document fee applies.

Forms should be returned to:

Reticulation Capital Works Co-ordinator, City Water and Waste Unit, Christchurch City Council,  
PO Box 237, Christchurch

Please note that because of training requirements, initial applications will close 12 March 2004. Only initial applicants will be eligible for the Council's training subsidy. Applicants are reminded to allow a six week processing time.
