## **PUBLIC MEETING RE PROPOSAL FOR A TV REPEATER NEXT TO NEW BRIGHTON SURF LIFE SAVING CLUB**

The Burwood/Pegasus Community Board is holding a public meeting concerning the proposal of CHTV Limited to erect a television repeater mast next to the northwest end of the clubhouse of the New Brighton Surf Life Saving Club.

The repeater mast is intended to provide reception of the channel for the north facing slopes of St Andrews, Richmond, Balmoral and Sumner Hill, as well as the Scarborough, Redcliffs, Clifton and Moncks Bay areas. A marine VHF antenna is also intended to be installed.

The purpose of the meeting is for CHTV Limited to present information on the proposal and for the Community Board to hear the views of the community. Erection of the mast will require a sublease from the Surf Club to CHTV Limited. The Council as landowner will also need to consent to the sublease. The Community Board is to consider this sublease issue at its meeting on 3 September 2001 and make a recommendation to the Council.

A resource consent will also be required for erection of the television repeater mast. This is an entirely separate process.

**The public meeting will be held at:  
6.00 pm, Tuesday 14 August 2001,  
New Brighton Power Boat Club Hall,  
Corner Owles Terrace and Hardy Street.**

Written submissions to the Community Board on the proposal are welcome prior to the Board's meeting on 3 September 2001.

Please contact Dennis Morgan at the Shirley Service Centre if you require any clarification on 386-0909.
