

23. PROPOSED NEW RIGHT OF WAY NAME

Officer responsible Environmental Services Manager	Author Bob Pritchard , DDI 941-8644
--	---

The purpose of this report is to obtain the approval of the Board to a proposed new right of way name for a new subdivision in the Papanui Ward. Name approvals are delegated to Community Boards. It is important that approved names will not duplicate or be similar to existing names.

M & J Downs 29 Dunlops Road and 88 Lower Styx Road

This is a rural zoned subdivision, creating seven new allotments. The allotments will gain access from Lower Styx Road via a long formed and sealed right of way off Lower Styx Road. The applicants intend building stone walls at the entrance to the right of way to enhance the appearance from the road. The subdivision borders the Windsor Golf Course, and to reflect this, the owner's have proposed the name **Old Windsor Lane** for the right of way. It is an older area, the major proportion of the land being subdivided, was created on Deposit Plan 2769 in June 1909. The length of the name will not create a problem for mapping companies, being situated in an area where there are few other roads to clutter the map. The owners believe the name will add a little character to the area.

Staff

Recommendation: That the Board consider the name Old Windsor Lane as proposed, and approve it if deemed suitable.

Chairperson's

Recommendation: That the staff recommendation be adopted.
