

SEMINAR

2. CIVIL DEFENCE

One of the desired activities identified in the Board's objectives for 2006-09 is to "ensure greater awareness of civil defence issues by targeting and working through intermediaries to 'spread the word' on what actions should be taken in an emergency".

Murray Sinclair, Manager, Civil Defence and Emergency Management will discuss the new civil defence arrangements post 1 July 2006, and advise on possible ways in which the Board's objectives can be advanced.
