**8. NEIGHBOURHOOD WEEK FUNDING**

<b>General Manager responsible:</b>	General Manager Community Services, DDI 941-8534
<b>Officer responsible:</b>	Community Support Manager
<b>Author:</b>	Clare Quirke, Community Engagement Advisor, DDI 941 5116

**PURPOSE OF REPORT**

1. The purpose of this report is to set in place a decision making process for applications for Neighbourhood Week funding.

**EXECUTIVE SUMMARY**

2. Local community groups, including residents' associations and neighbourhood support groups will be sent information inviting them to apply for the Neighbourhood Week Funding that has been set aside by the Board.
3. Neighbourhood Week is a dedicated week in which individuals and groups are encouraged to get together and get to know one another locally. Neighbourhood Week 2007 is to be held from 26 October 2007 – 4 November 2007. Applications for funding close on 21 September 2007.
4. Due to the timing of the local body elections it will not be possible to present the applications to the full Board for consideration. Therefore this report requests that the Board creates a sub committee for the purpose of allocation of Neighbourhood Week funds and delegates authority to that sub committee to allocate the funds.
5. In some previous years where the demand for Neighbourhood Week funds has exceeded the funds set aside, the Board has allocated additional funds out of the Board's Discretionary Funding towards Neighbourhood Week to enable more groups to receive some funding towards their event. This has happened when there has been an increase in the number of groups applying for Neighbourhood Week funds. Should this be the case, the Board may wish to allocate a set amount of the Board's Discretionary Funds as a contingency towards the above situation with the proviso that those funds not required go back into the Board's Discretionary Fund.

**FINANCIAL IMPLICATIONS**

6. The Board has set \$5,000 from project funding to assist individuals and groups run events. It is not the intention of this funding to totally finance events. Those applying for funding are expected to partially resource events themselves either financially or through supply of materials.

**Do the Recommendations of this Report Align with 2006-16 LTCCP budgets?**

7. Pages 170-177 of the LTCCP under Community Board Funding.

**LEGAL CONSIDERATIONS**

8. Under Council Standing Orders 1.9 and 1.10 a sub committee may be appointed and given powers of delegation.

**ALIGNMENT WITH LTCCP AND ACTIVITY MANAGEMENT PLANS**

10. Pages 170-177 of the LTCCP under Community Board Funding.

**Do the recommendations of this report support a level of service or project in the 2006-16 LTCCP?**

11. As above.

**8. Cont'd**

**ALIGNMENT WITH STRATEGIES**

**Do the recommendations align with the Council's strategies?**

12. Funding for Neighbourhood Week activities aligns with the Council's Strong Communities strategic outcomes.

**CONSULTATION FULFILMENT**

13. Not applicable.

**STAFF RECOMMENDATION**

It is recommended that the Community Board:

- (a) Appoint a sub committee of Community Board members for the consideration of Neighbourhood Week fund applications and delegate authority to that sub-committee to allocate those funds.
- (b) Allocate a set contingency amount from the Board's Discretionary fund should the demand for money exceed the Board's money set aside and the Sub Committee allocating the funds decide that the number of applications received warrants applying extra funding.

**CHAIRPERSON'S RECOMMENDATION**

For discussion.

## 9. HANSEN PARK NEW RECREATIONAL FACILITIES AND LANDSCAPE DEVELOPMENT

<b>General Manager responsible:</b>	Jane Parfitt, General Manager City Environment DDI 941-8656
<b>Officer responsible:</b>	Michael Aitken, Unit Manager, Transport and Greenspace
<b>Author:</b>	Ann Liggett, Consultation Leader, Greenspace

### PURPOSE OF REPORT

1. The purpose of this report is for the Board to approve the final landscape plan (refer **Attachment 1**) for Hansen Park new recreational facilities and landscape development following community consultation.

### EXECUTIVE SUMMARY

2. Hansen Park is situated in Opawa with entrances from Butler Street, Fifield Terrace, with the main entrance being off Hawford Road. It is bounded by the Heathcote River, Rudolf Steiner School and Opawa/St Martins Kindergarten, as well as a small number of residential properties.
3. It is the location of the clubrooms of Port Hills Athletics Club as well as the home of their training and competition facilities. Both rugby and cricket are played on this park during the year.
4. Following consultation in 2000 regarding the upgrade of the existing play equipment, a junior composite structure and roctopus were installed.
5. From these submissions a large amount of feedback was received regarding the need for further shelter planting, and more seating. Also identified at this time was the need for play equipment for older children, hard surface areas and pathways to the playground. A concept was developed in 2001 which has been updated and formed the plan which was then sent out for consultation.

### FINANCIAL IMPLICATIONS

6. The funding for this development project in Hansen Park has been set aside in the Transport and Greenspace Capital Programme:
  - (a) Recreational Facilities Hansen Park - \$60,000
  - (b) Pathways - \$20,000
  - (c) Playground Upgrades - \$35,000
  - (d) Undersurfacing - \$10,000
7. The above funding allows for the proposed concept to be completed, however to achieve the completion of the half court to a full court there is a shortfall of \$9,000. It would make good economical sense to complete the full court while other work is underway, as well as enabling the whole plan to be completed at one time. There was support in the consultation for this to be done. The Board has approximately \$51,830 in its 2007/08 Discretionary Fund.
8. A recommendation of this report will be to request the shortfall of \$9,000 from the Spreydon/Heathcote discretionary fund to enable the full completion of this project. Should the request be declined, the half court will still be constructed, however, the extension to a full court funding will be applied for in the 2009 round of LTCCP.

### Do the Recommendations of this Report Align with 2006-16 LTCCP budgets?

9. Yes. See above.

### LEGAL CONSIDERATIONS

10. All work will be carried out by a Council approved contractor.

**9. Cont'd**

**Have you considered the legal implications of the issue under consideration?**

11. Yes. See above.

**Do the recommendations of this report support a level of service or project in the 2006-16 LTCCP?**

13. Yes. See above.

**ALIGNMENT WITH STRATEGIES**

14. Parks Access Policy; Youth Strategy and Recreation & Sport Strategy.

**Do the recommendations align with the Council's strategies?**

15. Yes. See above.

**CONSULTATION FULFILMENT**

16. In July 2007, 380 public information leaflets were distributed to the local community with a proposed concept plan for a playground upgrade and landscape enhancement at Hansen Park. The summary of consultation, including comments is attached for your information (refer **Attachment 2**).
17. There was a medium degree of community engagement in this project (approx 14% response rate) which were largely supportive of the project.
18. From the feedback received the following figures outline the level of support:
- (a) Support the proposed concept plan: 49
- (b) Do not support the proposed concept plan: 3
- (c) Position not indicated: 2
19. The key features of the proposed plan included:
- (a) A half basketball court with allowance for an extension to a full court in the future
- (b) New seating and picnic tables
- (c) New horizontal nets which cater for all ages and abilities
- (d) New asphalt paths leading to and around the playground and Clubrooms
- (e) New low mounding and planting on the eastern side of the playground to provide shelter from the wind while still providing clear sight lines into the park
- (f) New additional planting and landscaping around the playground to provide pleasant and inviting areas for families.
20. Two site meetings were also held prior to the plan being sent out with a representative of Port Hills Athletics Club and representatives of Rudolf Steiner School with some minor changes made following discussions.

**9. Cont'd**

21. Following consultation, staff have proposed a final plan which is now being presented to the Community Board for approval. The following changes and/or additions have been made following feedback received.
- (a) Two dog tie up posts outside the boundary of the playground
  - (b) Connect the basketball court to the paths to provide an all weather surface
  - (c) Include a dog drinking bowl to the existing drinking fountain
  - (d) Include low planting along the existing path to provide separation between the basketball court and path
  - (e) There is now a total of six seats and two picnic tables being provided plus three new seats along the front of the Port Hills Athletic Clubrooms.

**STAFF RECOMMENDATION**

It is recommended that the Spreydon/Heathcote Community Board:

- (a) Approve the final landscape plan for the Hansen Park recreational facilities and landscape development project and for it to proceed to final design and construction.
- (b) Allocate \$9,000 from the Board's 2007/08 Discretionary Fund to allow completion of the full basketball court.

**CHAIRPERSON'S RECOMMENDATION**

For discussion.

**10. PROPOSED EASEMENT LOCAL PURPOSE RESERVE ESHER PLACE**

<b>General Manager responsible:</b>	General Manager Jane Parfitt DDI 941-8656
<b>Officer responsible:</b>	Angus Smith Team Leader Property Consultancy Team
<b>Author:</b>	Tony Hallams Property and Leasing Advisor

**PURPOSE OF REPORT**

1. The purpose of the report is to seek Board approval to grant an easement to Orion New Zealand Limited over the existing 0.0225 mm street lighting cable on the Heathcote River bank, between Esther Place and St Martins Road. The **attached** letter refers.

**EXECUTIVE SUMMARY**

2. The Council closed part of Riverlaw Terrace in 1999, and this area is now Local Purpose Esplanade Reserve. The location of the Orion cabling has placed Orion New Zealand in the situation that it now has to protect the cabling with an easement because it is now located in a reserve, instead of in the berm area of the previous carriageway covered under a separate Council authorisation.

**FINANCIAL IMPLICATIONS**

3. Advice taken by the writer from the Council's Legal Services Unit is that due to the circumstances, the Council is responsible for any costs in registering the easement.

**Do the Recommendations of this Report Align with 2006-16 LTCCP budgets?**

4. The recommendation of this report is not in conflict with the 2006-16 LTCCP Budget

**Have you considered the legal implications of the issue under consideration?**

6. Yes. The cabling would have previously been laid in the street berm area under either the Christchurch Electric Power and Loan Empowering Act 1902.
7. The Legal Services Unit has been consulted and has advised that the Council is responsible for meeting the costs of lodging an easement with Land Information New Zealand.
8. The Spreydon/Heathcote Community Board has the delegated authority to approve or otherwise the proposal.

**ALIGNMENT WITH LTCCP AND ACTIVITY MANAGEMENT PLANS**

9. The proposal is not in conflict with these plans.

**Do the recommendations of this report support a level of service or project in the 2006-16 LTCCP?**

10. No.

**ALIGNMENT WITH STRATEGIES**

11. This proposal does not conflict with the strategies.

**Do the recommendations align with the Council's strategies?**

12. Refer to comments under (9).

**CONSULTATION FULFILMENT**

13. The Council is not required to publicly advertise the proposal within the provisions of Section 119 of the Reserves Act 1977, or consult with the community, because the cabling is located underground.

**10. Cont'd**

**STAFF RECOMMENDATION**

That the Spreydon/ Heathcote Community Board approve under delegated authority, an easement being granted over part of Section 1 Survey Office Plan 20043, being Local Purpose Esplanade Reserve, to Orion New Zealand Limited, subject to Section 48(1) (d) of the Reserves Act 1977.

**CHAIRPERSON'S RECOMMENDATION**

That the staff recommendation be supported.

**11. HUNTSBURY AVENUE – PROPOSED ‘NO STOPPING’ RESTRICTION**

<b>General Manager responsible:</b>	Jane Parfitt, General Manager of City Environment, DDI 941-8656
<b>Officer responsible:</b>	Michael Aitken, Transport and Greenspace Manager
<b>Author:</b>	Peter Harte/Patricia Su

**PURPOSE OF REPORT**

1. The purpose of this report is to seek the Board’s approval for the installation of a section of broken yellow “no stopping” lines at the Huntsbury Avenue and Aotea Terrace intersection. The **attached** plan refers.

**EXECUTIVE SUMMARY**

2. The Council has received a complaint from a local resident of Huntsbury Avenue regarding, safety and visibility issues at its intersection with Aotea Terrace. There is a large green berm at the southern part of this intersection. It is being used frequently by road users as a parking area.
3. There is currently a ‘give way’ sign present on the Aotea Terrace approach to this intersection. There are no other controls or restrictions present within the immediate area of the intersection.
4. Parking space is at a premium especially at night. Because the road narrows at this point vehicles park half and half on the grass and road. Parking in this manner narrows the road further and also creates a visibility problem. It is not possible for people to park fully on the grass as the berm is too steep.
5. To improve safety and visibility for road users and to stop vehicles parking on the grass, it is proposed that broken yellow no stopping lines be installed around the edge of the grass berm.
5. The installation of broken yellow no stopping lines at the intersection with Aotea Terrace is considered the most cost effective and practical solution to the problem.

**FINANCIAL IMPLICATIONS**

6. An estimated cost for this work is \$100.

**Do the Recommendations of this Report Align with 2006-16 LTCCP budgets?**

7. The installation of road markings is within the LTCCP Streets and Transport Operational Budget.

**LEGAL CONSIDERATIONS**

8. The Land Transport Rule provides for the installation of parking restrictions, including “No Stopping” lines.

**Have you considered the legal implications of the issue under consideration?**

9. As noted in paragraph 8.

**ALIGNMENT WITH LTCCP AND ACTIVITY MANAGEMENT PLANS**

10. Aligns with the Streets and Transport activities by contributing to the Council’s Community outcomes – Safety.

**Do the recommendations of this report support a level of service or project in the 2006-16 LTCCP?**

11. This contributions to improve the level of service for safety.

**11. Cont'd**

**ALIGNMENT WITH STRATEGIES**

12. The recommendation align with the Council's Community outcomes – Safety.

**Do the recommendations align with the Council's strategies?**

13. As noted in paragraph 12.

**CONSULTATION FULFILMENT**

14. Consultation has been carried out with the affected residents and they support the proposed action.

**STAFF RECOMMENDATION**

It is recommended that the Board approve:

- (a) That the stopping of vehicles be prohibited at all times on the east side of Huntsbury Avenue commencing at its intersection with Aotea Terrace and extending in a southerly direction for a distance of 25 metres.
- (b) That the stopping of vehicles be prohibited at all times on the southwest side of Aotea Terrace commencing at its intersection with Huntsbury Avenue and extending in a south-easterly direction for a distance of 30 metres.

**CHAIRPERSON'S RECOMMENDATION**

That the staff recommendations be supported.

**12 SOMERS PLACE - PROPOSED 'NO STOPPING' RESTRICTION**

<b>General Manager responsible:</b>	Jane Parfitt, General Manager, City Environment, DDI 941-8656
<b>Officer responsible:</b>	Michael Aitken, Unit Manager, Transport and Greenspace
<b>Author:</b>	Steve Dejong/Barry Cook

**PURPOSE OF REPORT**

1. To seek the Board's approval to extend the "No Stopping" lines in Somers Place around the end of the cul-de-sac. The **attached** plan refers

**EXECUTIVE SUMMARY**

2. Somers Place is a small cul-de-sac that has a narrow 6 metre wide carriageway. In recent years the Housing New Zealand properties at the end of the cul-de-sac have been redeveloped in to multiple units, placing a greater vehicle load on the street. In 2006 the Board approved the installation of no stopping lines along the south eastern side of the street; however these terminate just before the beginning of the turning circle at the end of the cul-de-sac.
3. The Council has received a request to extend the no stopping lines around the head of the cul-de-sac, because when a vehicle is parked within this 13 metre wide turning circle at the head of the cul-de-sac, other vehicles cannot turn around without completing a three point turn.
4. The proposed extension to the no stopping lines in Somers Place around the head of the cul-de-sac, due to the numerous vehicular entrance ways, would only entail the removal of one on street parking space located outside number 6.

**FINANCIAL IMPLICATIONS**

5. \$ 100

**Do the Recommendations of this Report Align with 2006-16 LTCCP budgets?**

6. The installation of road markings is within the LTCCP Street and Transport operational budgets

**LEGAL CONSIDERATIONS**

7. The Transport Rules provide for the installation of parking restrictions including broken yellow (no stopping) lines.

**Have you considered the legal implications of the issue under consideration?**

8. As above.

**ALIGNMENT WITH LTCCP AND ACTIVITY MANAGEMENT PLANS**

9. Aligns with the Streets and Transport activities by contributing to the Council's community outcomes-safety.

**Do the recommendations of this report support a level of service or project in the 2006-16 LTCCP?**

10. This contributes to improve the level of service and safety.

**ALIGNMENT WITH STRATEGIES**

11. The recommendations align with the Council's Parking Strategy 2003.

**Do the recommendations align with the Council's strategies?**

12. As above.

**12 Cont'd**

**CONSULTATION FULFILMENT**

13. The "Stepping Stone Trust" a community based psychiatric rehabilitation and accommodation service, located at the head of the cul-de-sac was consulted and gave their support to the proposal. A letter and the report plan were left at No 6 Somers Place on 4 July 2007; the property outside which the parking space is to be removed, however they failed to respond. Two further visits by staff were made to the property and a card left but the owners have still not made contact.

**STAFF RECOMMENDATION**

It is recommended that the Board approve:

- (a) That the 'No Stopping' restriction on the south eastern side of Somers Place be extended, starting from a point 91.5 metres southwest of Domain Terrace and continuing around the head of the cul-de-sac for a further 31 metres.

**CHAIRPERSONS RECOMMENDATION**

That the staff recommendation be supported.

**13. SYDNEY STREET - PROPOSED 'NO STOPPING' RESTRICTION**

<b>General Manager responsible:</b>	Jane Parfitt, General Manager City Environment, DDI 941-8656
<b>Officer responsible:</b>	Michael Aitken, Unit Manager, Transport and Greenspace
<b>Author:</b>	Steve Dejong/Barry Cook

**PURPOSE OF REPORT**

1. The purpose of this report is to seek the Board's approval to extend the No Stopping lines on the north west side of Sydney Street. The **attached** plan refers.

**EXECUTIVE SUMMARY**

2. The section of Sydney Street located between numbers 37 and 51 is only 6 metres wide and presently has 'No Stopping' yellow lines on the south eastern side of the road that extend from Number 34 through to Number 50. There is also a small section of no stopping outside number 41 on the north western side of the street.
3. The Council has received requests from residents living on the south eastern side of the street to extend the no stopping lines the full length of the narrow stretch of Sydney Street along the north western side of the street to allow residents to exit and enter their properties with greater ease. Presently when a vehicle is parked opposite a property situated on the south eastern side of the street, the resident executing the turn has only 4 metres of usable road space to complete the turn. This problem is exacerbated by the fact that Sydney Street has the dish type kerb and channel which does not permit vehicular entrance cut downs to be widened.

**FINANCIAL IMPLICATIONS**

4. \$500

**Do the Recommendations of this Report Align with 2006-16 LTCCP budgets?**

5. The installation of road markings is within the LTCCP Street and Transport operational budgets.

**LEGAL CONSIDERATIONS**

6. The Transport Rules provide for the installation of parking restrictions including broken yellow (no stopping) lines.

**Have you considered the legal implications of the issue under consideration?**

7. As above.

**ALIGNMENT WITH LTCCP AND ACTIVITY MANAGEMENT PLANS**

8. Aligns with the Streets and Transport activities by contributing to the council's community outcomes-safety.

**Do the recommendations of this report support a level of service or project in the 2006-16 LTCCP?**

9. This contributes to improve the level of service and safety.

**ALIGNMENT WITH STRATEGIES**

10. The recommendations align with the Council's Parking Strategy 2003.

**Do the recommendations align with the Council's strategies?**

11. As above.

**13. Cont'd**

**CONSULTATION FULFILMENT**

12. The affected residents were consulted through a mail drop on the 30 July 2007 and as a consequence, support has been received from numbers 33, 37, 45A and 51. Number 41 presently has no stopping lines outside their property and number 49 failed to respond.

**STAFF RECOMMENDATION**

It is recommended that the Board approve:

- (a) That the No Stopping restriction on the north western side of Sydney Street, located outside of the property situated at number 41 Sydney Street, be removed.
- (b) That a No Stopping restriction be installed along the north western side of Sydney Street, starting from a point 84 metres south west of Selwyn Street and extending for another 93 metres in a south westerly direction.

**CHAIRPERSON'S RECOMMENDATION**

That the staff recommendations be supported.
