PURPOSE OF REPORT

1. The Burwood/Pegasus Community Board requested a report with information on the installation of a bus shelter at 26 New Brighton Rd and to provide the criteria used to prioritise the placement of shelters.

EXECUTIVE SUMMARY

2. The bus stop at 26 New Brighton Road is situated near the rear of The Palms Shopping Centre and approximately 216 metres from the entrance to The Palms (refer **attachment 1**). It does not directly service any entrance to The Palms.
3. There are six other bus stops that are situated closer to the entrance to The Palms that adequately service all bus routes through the area.
4. Of the six bus stops five of them have bus shelters in place and all routes operating through the area are catered for.
5. The stop is situated between two very long driveways and is backed by heavy foliage on private land. There is very little passive surveillance due to heavy foliage and its location facing the rear service area of The Palms. It currently has a seat in place which is constantly vandalised. There is a history of anti-social behaviour occurring at this stop due to its situation.
6. It is felt that any shelter placed there would be subject to constant and costly vandalism and graffiti and require a large amount of maintenance and cleaning.
7. The criteria used to allocate priority is detailed in **attachment 2**.
