

15. COMMUNITY BOARD ADVISER'S UPDATE

15.1 CURRENT ISSUES

Submission on the Annual Plan

The Annual Plan consultation phase is extremely short due to the impact of the February earthquake. The Board's submission will require formal approval. However this will not be achievable under the normal arrangements. It is necessary for the Board to delegate its authority for approving the submission appropriately.

Staff Recommendation

That the Board delegate the Chairperson the authority to approve its Annual Plan submission in order to meet the Council timeframes.
