<b>Officer responsible:</b>	Road Corridor Operations Manager, Transport and Greenspace Unit
<b>Author:</b>	Paul Forbes, Assistant Traffic Engineer

**PURPOSE OF REPORT**

1. The purpose of this report is to seek the Board's recommendation to the Council for approval of the proposed amendments to the Christchurch City Register of Speed Limits.

**EXECUTIVE SUMMARY**

2. Staff have discovered that the existing resolution that is recorded in the Christchurch City Register of Speed Limits setting the change point for the speed limit on Bridge Street from 50 kilometres per hour to 70 kilometres per hour may not be enforceable because it references Kibblewhite Street, a road that no longer intersects with Bridge Street. When the section of Kibblewhite Street was closed the resolutions should have been corrected in the Christchurch City Register of Speed Limits. No consultation was carried out in regards to Bridge Street as no physical change is proposed.
3. When setting new speed limits the Council must comply with the requirements set out in Schedule 1 of the 'Land Transport Rule (54001), Setting Of Speed Limits 2003' (The Rule). Typically Council staff will engage the services of independent consultants to assess any proposed new speed limit according to criteria in 'The Rule'. In the case of Bridge Street, as no physical change is proposed, no independent assessment was carried out.
4. Before a speed limit is set or changed, Section 7.1(2) of 'The Rule' requires that consultation is carried out with the following persons that may be affected by the proposed speed limit:
  - (a) Road controlling authorities that are responsible for roads that join, or are near, the road on which the speed limit is to be set or changed; and
  - (b) A territorial authority that is affected by the existing or proposed speed limit; and
  - (c) Any local community that the road controlling authority considers to be affected by the proposed speed limit; and
  - (d) The Commissioner (Police); and
  - (e) The Chief Executive Officer of the New Zealand Automobile Association Incorporated; and
  - (f) The Chief Executive Officer of the New Zealand Road Transport Forum; and
  - (g) Any other organisation or road user group that the road controlling authority considers to be affected by the proposed speed limit: and
  - (h) The New Zealand Transport Agency (NZTA).
5. Once the provisions of 'The Rule' have been complied with in relation to determining the appropriate speed and undertaking the necessary consultation, the Council may set that speed limit by passing a resolution under clause 5 of the Christchurch City Speed Limits Bylaw (2010). The new speed limits will then be recorded in the Christchurch City Register of Speed Limits.

**FINANCIAL IMPLICATIONS**

6. The estimated cost of this proposal is \$nil.

His training includes running before school, with spring work in the evening on the nights when he is not at the gym. He trains six days per week. Quote from Edge: *“The respect and mana I get from my whanau and friends is awesome and this helps motivate me, and helps get me through the tough times”*.
