

4. UPPER VALLEY ROAD STREAM PIPING AT NO 90A AND 100 DYERS PASS ROAD

The Board considered a report informing it of the results of a detailed investigation of the catchment contributing to the waterway which flows past Mr J M Hamilton's house at No 90A Dyers Pass Road.

The Board **resolved**:

1. To express its concern and disappointment that this matter has still not been addressed in terms of the resolution of the Parks, Gardens and Waterways Committee meeting held in July 2003, and that the short-term processes suggested were not followed.
2. To request that this matter be given priority.
