

8. BURWOOD PARK TENNIS CLUB EXTENSION

The Parks and Waterways Area Advocate and Policy and Leasing Administrator submitted an application by the Burwood Park Tennis Club to lease an additional 42 square metres of Burwood Park, on which to build additional seating for club members and visitors to view junior and senior tennis games. This area is located to the east of their existing club building at Burwood Park. The Board **resolved** that the application be deferred for one month and that officers consult with neighbouring residents regarding the proposal, and include their comments in the report when it is resubmitted to the Board.
