

1. DEPUTATIONS BY APPOINTMENT

NORTH-WAI BOARDRIDERS CLUB

Russell Ritchie, from the North-Wai Boardriders Club was in attendance to update members on the Club's plans for the North New Brighton Community Centre. As the group had applied for a liquor licence it was found necessary to install a kitchen in the south-west area of the Club's area. It was noted that there would be an opportunity for community groups to use the Club's facilities, including the kitchen, during weekday mornings. A part-time management position for the Club was also being pursued.

The Board **decided**:

1. That the Funding Assessment Committee, with the addition of Carole Evans, approach the Community and Leisure Committee Chair and staff regarding the SPARC Fund, which may support the North-Wai Boardriders Club youth training programme as a pilot scheme beneficial to youth health.
2. That the North New Brighton Community Centre Working Party hold a meeting on-site to be updated on the progress on the refurbishment of the North New Brighton Community Centre and the North-Wai Boardriders Club project.
