

4. FARNBOROUGH STREET - TRAFFIC COUNTS AND TRAFFIC CALMING MEASURES

The Traffic Engineer (Community) reported on an increase in traffic movements in Farnborough Street since the construction of Anzac Drive, and advising that traffic calming measures were proposed to mitigate the resulting effect on Farnborough Street. The Board **decided**:

1. That the information be received.
2. That budget provision be provided for a moderate restraint in Farnborough Street at Pages Road.
3. That the order of other works with the Aranui LATMS be prioritised when further investigations are completed.
