--	---

The purpose of this report is to seek some minor amendments to the Proposed City Plan and to correct minor errors, pursuant to section 16(2) of the Resource Management Act.

Many of the proposed amendments seek to correct typographical errors or to reflect the Council's decisions. Other amendments are to update provisions in the plan, or to make amendments consequential to Court decisions. The Resource Management Act 1991 allows the Council to amend its plan without further formality where the alteration is of minor effect or is a minor error.

### **Committee**

**Recommendation:** That the Council, without further formality and pursuant to Clause 16(2) of the Resource Management Act 1991, make the amendments to the Proposed City Plan set out in the Schedule attached to this report for the purpose of making alterations of minor effect or to correct minor errors.

(Note: The above recommendation was passed unanimously by those Committee members present, being Councillors Cox, Megan Evans, Ganda, Keast, Rutland, Wells and Withers).
