

## 6. CLEARWATER VARIATION

A brief report was included on the agenda updating the Committee on progress towards the proposed Clearwater Variation. A Council seminar on the proposed Variation has been scheduled for 23 August 2004, and a presentation by Mr Justin Prain on behalf of Clearwater would be made as part of the seminar. A formal report on the Variation is expected in September 2004 following the seminar on this.

The Committee **resolved** that the report be received.
