1.4 RAWHITI DOMAIN COMMUNITY GARDEN PROPOSAL

Mary McCammon and Pat Goosey, from the New Brighton Project Incorporated, were in attendance in support of the proposed community garden in Rawhiti Domain. They confirmed that the New Brighton Project is willing to become the lessee for the site because the project fits within the organisation's scope and objects. New Brighton Project intends to oversee the establishment stage, until a dedicated trust is formed to manage the garden.

The Board's decision is recorded under Part B, clause 4 of this report.
