

## **2. DEPUTATIONS BY APPOINTMENT**

### **2.1 NO. 2 GLANDOVEY ROAD**

Patsy Wardell of No. 4 Glandovey Road spoke in support of the Council property at No. 2 Glandovey Road being sold and utilised as a residential site.

Mrs Wardell submitted that the local area was already well served with passive green space and that since the former residence had been removed as part of the reconstruction of Fendalton Road, the incidence of litter and other anti-social behaviour around the site had become a problem for the immediate neighbours.

The Chairman thanked Mrs Wardell for her interest and advised that, later in the meeting, the Board would be considering a report on the matter in its public excluded session.
