

## **6. DEPUTATIONS BY APPOINTMENT**

### **HAGLEY NURSES' HOME - LOCAL BILL**

Mr Denis Hampton made representations on the above issue and urged the Committee to support option (b) in the staff report on the basis the building should not be a factor in the decision as there are other mechanisms for protecting the former Nurses' Home. It was submitted that an unreasonable restriction on the Canterbury District Health Board's use of the site would give the Board a good reason for not supporting the Bill.
