

15. CYCLE STEERING GROUP - ADDITIONAL MEMBERSHIP

The Committee considered a report seeking approval to appoint an additional representative from Transit New Zealand (Transit) on the Cycle Steering Group as requested by the Cycle Steering Group Subcommittee.

It was considered by the Subcommittee that as Transit is also the road controlling authority for a number of roads with the Christchurch Metropolitan area and is currently involved in the development of a number of proposed new major arterial roads, there would be merit in having a representative from Transit on the Subcommittee to ensure an exchange of information and commonality in standards.

The Committee **resolved** that Transit New Zealand be invited to nominate a representative to the Cycle Steering Group.
