

## 2. PETITION

### SALTAIRE STREET "LIVING STREET" PROPOSAL

A petition was received from residents in North New Brighton concerning the Saltaire Street "Living Street" proposal.

The petition contains 453 signatures in total. The prayer of the petition follows:

*"We the undersigned strongly object to the proposal of making Saltaire Street a "Living Street". This is a major outlet for local residents and will create traffic problems at the Bowhill Road roundabout or the intersection of Marriotts Road/Bower Avenue, and also will constitute a major inconvenience for residents east of Saltaire Street. No objection to beautification but request the street remain accessible for two way traffic."*

The Board **decided** that the petition and residents' comments be referred to the Living Streets Advocate for consideration in the preparation of the upcoming report to the Board on the Saltaire Street "Living Street" proposal.
