

## **2. MATTERS ARISING**

In respect to item 5 in the minutes "Minimising Organic Waste in Canterbury" Mr Brian Gallagher (Timaru District Council) tabled a suggested draft agenda for the seminar to be held in Timaru. The opportunity was taken by members to discuss this and it was agreed that a half day seminar, from 10.30am to 3.30pm, be held in Timaru on Monday 19 April 2003. Details of the agenda and other required arrangements would be discussed further at the staff group meeting to be held following the Subcommittee meeting.

The Chairman commented on the need to focus on the Landcare Research Ltd report and reports from member councils.
