

3. CODE OF CONDUCT FOR COMMUNITY BOARD

A report from the Community Advocate provided an opportunity for the Board to consider whether to adopt a code of conduct. The Board **decided:**

1. To adopt a code of conduct.
2. That a meeting be convened of the Chairpersons and Deputy Chairpersons from all the Christchurch community boards to discuss a code of conduct and make recommendations to the boards.
3. To also consider the proposed nationwide position description for community board members in conjunction with a code of conduct.
4. To seek further clarification regarding the participation by Board members who have interests or membership in organisations that are the subject of agenda items.
