

**5. RICCARTON/WIGRAM TRANSPORT AND ROADING COMMITTEE  
REPORT OF 27 APRIL 2004 MEETING**

The Board considered the report of the Transport and Roding Committee meeting of Tuesday 27 April 2004.

The Committee discussed traffic problems being experienced at the Halswell Road (SH 75) – Hendersons Road intersection. A local resident and Mr Tony Spowart (Transit NZ) were present. Transit is investigating various remedial works which will be brought back to the Committee.

An update on all the major Transit NZ projects in the Board's area was also given.

At the recent ANZAC Day commemorations at the Halswell Domain, a full traffic management plan was required to be submitted for approval by Transit NZ. Members felt that the cost of the plan could not be justified, in view of the time of day and the time required for the commemoration service. The Committee agreed to follow this up with Transit NZ.

The Committee received reports on various requests parking restrictions in Nelson Street/Picton Avenue, Main South Road and Mandeville Street, all of which were supported.

The Board's decisions in respect of these three parking restriction requests are recorded in clause 15 of this report.
