

3. DEPUTATIONS BY APPOINTMENT

(a) Mr Brian Anderson

Mr Brian Anderson addressed the Board on behalf of nearly 30 property owners, whose sections adjoin the Kaputone Stream west of Main North Road, Belfast. The residents are of the opinion that human action is the primary reason for the low base flow and feel that the Council needs to put a bore down to reinstate water flow.

The Board was receptive to the concerns raised by Mr Anderson; consideration of an officer report, and the Board outcomes are recorded in clause 14 of this report.
