

#### 4. MARY STREET/MAIN NORTH ROAD

The Board received a report on the results of the consultation relating to the proposal to make Mary Street “exit only” at the Main North Road intersection. This request had been initiated by the local residents’ association as part of their submission on the Papanui Cluster Living Streets concept plan.

Paul Burden was in attendance, his comprehensive report covered the extensive consultation phase and feedback, and gave full technical information on the original request.

The Board **decided:**

1. To decline the request for Mary Street to be “exit only” at the Main North Road intersection.
2. That staff review traffic movements in Mary Street and prepare a report to come back to the Community Board in 2006, when the majority of the Papanui Cluster Living Streets project is completed.
