

1. DEPUTATIONS BY APPOINTMENT

1.1 PAGES ROAD CYCLEWAY PROPOSAL

Maree Constable was in attendance on behalf of shop owners at the corner of Pages Road and Breezes Road to outline their concerns about the Pages Road cycleway proposal, which she stated would result in loss of parking and reduced access to their businesses.

The Board's decision in relation to the deputation is recorded under Part B, clause 3 of this report.

1.2 MARSHLAND ROAD TRAFFIC SIGNALS

Tony Mander was in attendance on behalf of the Golf Links Residents' Association to comment on the traffic signals at the Marshland Road/New Brighton Road/North Parade/Shirley Road intersection. Tony stated that the north and south approaches of the above intersection were in need of a right turn phase, and that a more detailed report was needed before any decisions were made.

The Board's decision in relation to the deputation is recorded under Part B, clause 6 of this report.

1.3 FARNBOROUGH STREET RESERVE

Denis Harwood and Richard Lascelles, property developers, were in attendance to comment on the land exchange negotiations for the Farnborough Street Reserve.

Geoff Cox and Chris Astle were in attendance on behalf of the Bexley Residents' Association to comment on residents' concerns about the proposed development of Farnborough Street Reserve. They stated that the residents who purchased property in Brightstone Crescent were told that the land adjoining their properties would be allocated as reserve land and that the Council had contributed half the cost of fences between the subject land and their properties. They have now been told that the Council does not own the land. The residents wanted clarification of the situation.

The Board's decision in relation to the deputations is recorded under Part B, clause 7 of this report.
