

17. SWANNS ROAD TRAFFIC IMPROVEMENTS

The Board considered a report seeking its approval for parking restrictions and a “Give Way” control in Swanns Road.

The Board **resolved**:

1. To approve the parking restrictions set out in clause 1 of the Traffic Engineer’s report.
2. That a “Give Way” sign be placed against Swanns Road at its intersection with Avonside Drive.
3. That a painted “flush median” be installed in Swanns Road.
4. That two lanes be marked on the Swanns Road approach to Stanmore Road to separate the left turning traffic from the straight through and right turning traffic.
5. That the safety aspects of these improvements be reviewed after 12 months following installation.
