

5. DEPUTATIONS BY APPOINTMENT

Monsieur Jean Caillabet attended and briefed the Committee on the concept of an adventure park which could be adapted for New Zealand conditions.

Created in France in 1995, the concept is inspired by the use of army training courses adapted to provide a fun and challenging experience for families and groups.

Monsieur Caillabet advised that he was seeking suitable land to lease to establish the first park of this type in New Zealand.

The Committee **decided** that staff confer further with Monsieur Caillabet on his proposal and report back to the Committee (or its successor) in due course.
