### 1. DEPUTATIONS BY APPOINTMENT

- 1.1 Melissa Harrison (member of the NZ Women's Under 16 Basketball Team) and Richie Edwards (member of the NZ Men's Under 16 Basketball Team), who competed at the Australian National Basketball Championships in Perth in July, were in attendance to report on their trip. Melissa and Richie both received grants from the Youth Development Scheme.

- 1.2 Ingrid Thomas, Chief Executive Officer of the Nurse Maude Association was in attendance and gave a presentation on "Primary Health Organisations" (PHOs).

PHOs have been set up throughout New Zealand with the aim of creating a co-operative and collaborative health approach. Partnership Health Canterbury is the largest in the country.

The Primary Health Care Strategy builds on the population health focus and the objectives of the New Zealand Health Strategy and the New Zealand Disability Strategy, and outlines how a different approach to primary health care will improve the health of all New Zealanders through:

- a greater emphasis on population health, health promotion and preventative care
- community involvement
- involving a range of professionals and encouraging multidisciplinary approaches to decision making
- improving accessibility, affordability and appropriateness of services
- improving co-ordination and continuity of care
- providing and funding services according to the population's needs as opposed to fee for services when people are unwell.

All general practitioners come under PHOs.
