

7. RESULTS OF REVIEW OF RIVERSIDE PLANTING SITES

Earlier this year the Parks, Gardens and Waterways Committee decided that all Community Boards would choose two riverside planting sites in their area for review by an independent landscape architect in respect of native planting along the banks of local streams. The Riccarton/Wigram Community Board chose Peer Street Reserve and Paeroa Street Reserve.

Mike Mora, as Chairperson, had recommended to the Board a proposal to open up the Paeroa Reserve water margin to create a small shallow beach. This was not supported by the majority of the Board.

Accordingly, when the Board voted on this issue, Mike Mora asked that his vote against the resolution be noted.

The Board **received** the report and endorsed the improvements proposed at both sites.
