

17. HILLS ROAD/INNES ROAD INTERSECTION - SAFETY IMPROVEMENTS

Lee Kelly of the Transport and City Streets Unit requested the Board to support a recommendation to the Sustainable Transport and Utilities Committee that the signalisation of the Hills Road/Innes Road intersection be approved for implementation.

The Board **resolved**:

1. That it be recommended to the Sustainable Transport and Utilities Committee that the proposed intersection improvements at the Hills Road/Innes Road proceed.
2. That all existing parking restrictions relating to the Hills Road/Innes Road intersection be revoked.
3. That the parking restrictions set out in recommendations 3(i) to (vii) inclusive of the Project Consultation Leader's report be approved.
4. That the Road Safety Committee be asked to carry out media education on the introduction of signals at the intersection.
5. That the Transport and City Streets Unit's School Liaison Officer carry out education at the Mairehau High School on the introduction of signals at the intersection.
