

5. OPTIONS REPORT - 182, 188, 190 AND 192 STRICKLAND STREET

The Board's recommendation to the Property and Major Projects Committee was sought regarding options available for the future use of the Council's properties at 182, 188, 190 and 192 Strickland Street, Spreydon.

Board Comment:

The existing site allows for future development, including the community garden being a model for training purposes. The amount of "social capital" in the community garden has been determined and is considerable. This can be "re-invested" best through Option One, allowing the Council to retain the land for long-term future use.

The Board unanimously **decided** to recommend to the Property and Major Projects Committee:

1. That the Committee strongly support Option One (as does the Board).
2. That Sue Dewe's and Eric Park's reports be considered in support of the Board's recommendation.
