

#### 4. PROPOSED NEW ROAD NAMES AND RIGHT OF WAY NAMES

The Board was in receipt of a request from the Subdivisions Officer to approve new road and right of way names at four new residential developments.

One of the names proposed in the Westmorland subdivision was "Hadleigh Lane".

Some members considered that approval for the use of this name should be refused, to allow the use of the similar sounding name "Hadlee" in a future subdivision, to recognise the well known cricketing family.

It was therefore moved "That the Board decline approval for the name "Hadleigh Lane" and that consideration be given to utilising the name "Hadlee" for the naming of a street in a future subdivision".

The motion was declared **lost**, on division no. 1 by three votes to four, the voting being as follows:

**For (3):** Neville Bennett, Helen Boughton and Mike Mora.

**Against (4):** Lesley Keast, Peter Laloli, Bob Shearing and Tony Sutcliffe.

The Board **resolved** to approve the following names:

1. "Stowe Lane" for a right of way to service eight new residential allotments off Kennedys Bush Road.
2. "Hadleigh Lane", "Rushden Rise" and "Holbrook Way", being two new roads and one right of way to service 99 new residential allotments in a subdivision off Pentonville Close, Westmorland.
3. "James Hight Drive", "Cridland Place", "Dunsford Close", "Parklea Avenue" and "Hyde Place", being new roads in the recent stages of development (83 residential allotments) in the Halswell on the Park residential subdivision.
4. "Globe Bay Drive", "Iraklis Close", "Micron Close" and "Blossom Lady Lane", being three new culs-de-sac and one new right of way to service 83 new residential allotments in a subdivision off Jones Road, Templeton.
