2. DEPUTATIONS BY APPOINTMENT

2.1 Mrs Mary Scales, 27 Gambia Street, Papanui

Mrs Mary Scales, a resident of Gambia Street, Papanui, addressed the Board in relation to the housing market and design standards with particular regard to facilities to meet the needs of the elderly.

Mrs Scales submitted the following issues of concern:

- The size of some houses being built is 80 sq metres, which requires no resource consent presently and that this would have come about because of a loophole in the City Plan.
- The 80 sq metre houses have no facilities such as step entrances, wider doorways and hallways for the elderly.

The Board **received** the information and **decided**:

1. That the issues raised by Mary Scales be referred to the Metropolitan Community Adviser for Older Adults/Disability for consideration and response.
2. That a Board site visit be arranged, involving Mary Scales and Councillors from the Council's Liveable City Portfolio Group.

2.2 Tony Smoor, E'ventz NZ Ltd

Tony Smoor from E'ventz NZ Ltd addressed the Board about an outdoor show at the Roto-Kohatu Reserve.

The Board **received** the information and **decided** that the Community Recreation Adviser and the Events Committee advise the Board on how it could sponsor the event.
