

8. LAKE TERRACE ROAD “NO STOPPING”

The Traffic Engineer sought the approval of the Board for the installation of a single section of “no stopping” on the north side of Lake Terrace Road immediately east of Marshland Road.

The Board **resolved**:

1. That the stopping of vehicles be prohibited at any time on the northern side of Lake Terrace Road commencing at the Marshland Road intersection and extending in an easterly direction for a distance of 65 metres.
2. That officers report back to the Board as to how the intersection of Marshland/Briggs/Lake Terrace Roads is working, including details of accident rates and the expected increase in demand, so that the Board can consider how to progress any issues of concern with the intersection.
