

3. DEPUTATIONS BY APPOINTMENT

3.1 Mr Gary Coulter

Mr Gary Coulter, a resident of Boyne Avenue, spoke to the Board regarding a resource consent application for the development of industrial units on 99 Sawyers Arms Road.

Mr Coulter indicated that there were currently five industrial units on site and there was an application for another 27 units to be built by the developer. The residents were concerned that this development would increase traffic and noise pollution in their quiet narrow road and Boyne Avenue was not suitable for business traffic.

The Board **received** the information and requested that staff investigate and report back as soon as possible.

The Board **decided** that the process for notified and non-notified resource consent applications be raised at the Chairpersons and Deputy Chairperson's meeting.
