

5. DEPUTATION BY APPOINTMENT

Representatives from the Parklands Residents Association were in attendance seeking Board support for the placement of a plaque and memorial tree (Rimu species) in a local reserve to honour local resident Kem Jervous-Chenery, a keen community worker and environmentalist who passed away last October.

The Board **decided** to seek permission from the Greenspace Unit for the placement of a plaque and memorial tree in Broadhaven Reserve during the 2006 planting season. The Board will consider an application to partially fund this from Discretionary funding.
