

5. QUESTIONS FROM MEMBERS

David Cox asked the following question under Standing Order 4.1:

“The Mount Pleasant Community Centre and Ratepayers’ Association’s latest newsletter indicates that they no longer operate their computer classes through lack of attendance. How much funding did the Hagley/Ferrymead Community Board provide to them for their project and when was it provided? What is to happen to the computers purchased with the Board funding?”

The Board requested that staff report back to a later meeting on this matter.
