

## 7. CONFIRMATION OF REPORT – 24 MAY 2006

### *Ryder / Parker*

The Board **resolved** that the report of the Board meeting held on Wednesday 24<sup>th</sup> May be confirmed, subject to the following alteration:

#### 4.6 Little River Railway Station Trust – Information Centre

Mr Morgan reported that a petition was underway to reinstate the funding for the Little River Information Centre, however it appeared that neither the Craft Co-operative ~~or~~ **or** the Railway Station Trust ~~were prepared to provide information services~~ **considered that providing information services was part of their core business.** He said there was enough funding to continue the status quo until some public consultation could be carried out on the issue.
