

3. DEPUTATIONS BY APPOINTMENT

3.1 Ruapuna Park

Ms Wanda Shaw will make submissions on behalf of Templeton residents regarding noise emanating from motor sport events held at Ruapuna Park.

Noise emanating from Ruapuna Park was closely monitored by the Council in the period from November 2005 to March 2006 inclusive. The monitoring and analysis of data was carried out in accordance with New Zealand Standards NZS 6801:1999, 6802:1999 and the Christchurch City Plan Rules - Volume 3, Part 11.1.

The monitoring recorded the motor sport activity as well as the ambient sound at Ruapuna Park. This ambient sound included aircraft flying overhead, nearby road traffic, rail traffic, people generated noise and wildlife.

The results of the monitoring when compared directly with the City Plan rules for Ruapuna were found to be complying.

The results of this survey were considered by the Riccarton/Wigram Community Board at its meeting on Tuesday 11 April 2006, when the Board resolved to receive the information.
