

8. SWANNS ROAD – REMOVAL OF A SECTION OF P10 PARKING RESTRICTION

The Board considered a report from Malcolm Taylor, Traffic Engineer, Transport and Greenspace Unit seeking approval to remove a short section of ten minute parking restriction in Swanns Road, east of the Stanmore Road intersection.

The report explained that the restriction had originally been installed in 2004 to generate regular turnover of car parking for the dairy located on the corner. This dairy no longer existed with the building now used as a café/restaurant. The solution recommended in the report was a compromise which had evolved from a site meeting late in 2005 and was supported by the café owner, and the Department of Corrections (as an adjoining neighbour).

The Board **resolved** that the existing ten minute parking restriction on the north side of Swanns Road commencing at a point 38.5 metres east of the Stanmore Road intersection and extending 11.5 metres in an easterly direction be revoked.
