

3. DEPUTATION BY APPOINTMENT

On behalf of some residents of Hasketts Road and Barters Road, Wanda Shaw was in attendance to address the Board on the noise levels emanating from Ruapuna Raceway/Speedway, and to discuss associated health issues.

The Board **decided** to request staff to provide information to the Environment Committee as early as possible, on the issues raised by the residents regarding the noise levels at Ruapuna, with particular emphasis on:

- Background to the 1999 changes to the City Plan relating to Ruapuna.
- Whether mufflers are currently being used.
- What other sound-proofing opportunities are available.
- Protection of the trees at the southern end of the site.
- Information on the steps involved with a variation to the City Plan.

The Board also **decided** to co-ordinate a meeting with Ruapuna Management, residents and appropriate Council staff to discuss the issues raised by the deputation.
