

1. REMPSTONE DRIVE ROAD LEGALISATION

A report was submitted to the Board by Stuart McLeod, Property and Leasing Adviser, requesting the Board to support a proposal for the Council to authorise part of existing road reserve to be dedicated as road in Rempstone Drive, Westlake.

As a decision was required prior to the Christmas break, the report was submitted to the 20 December 2005 Council meeting.

The Board **decided** to support the staff recommendation, but noted its concern that the physical work had proceeded to the extent it has, before this decision is made.
