

7. HEATHCOTE VALLEY RIDING SCHOOL - PERMANENT GRAZING

The Board received a report from Darren Moses, Project Manager, in respect to issues raised by the Heathcote Valley Riding School's deputation to the Board meeting of 8 March 2006.

The report provided information on the current situation and why it is considered a decision on permanent grazing would be premature having regard to the issues in respect of the City Plan and future rezoning.

The Board **received** the report and **decided** that representatives of the Riding School be invited to join the Board on a site visit to the area later in the year.
