

6. QUESTIONS

Mr McKean tabled the following question:

“Could the Akaroa-Wairewa Community Board be advised of the plans made by Christchurch City Council, in liaison with other relevant agencies, to manage an avian flu pandemic, as they relate to the Banks Peninsula community, and the role and responsibilities of the Akaroa-Wairewa Community Board in such an eventuality?”

The Board **agreed** that this question should be forwarded to the appropriate staff for comment.
