

10. LOCKSLEY AVENUE - WALKWAY DEVELOPMENT

The Parks and Waterways Area Advocate sought approval of an amended Locksley Avenue walkway development.

Glenda Burt moved, seconded by Carmen Hammond, that the Board adopt the amended Locksley Avenue Walkway Development Plan.

Carol Evans then moved an amendment, seconded by Gail Sheriff, that the Locksley Avenue Walkway Development Plan be approved, subject to the proposed river platform, situated at a point opposite the Avonview Retirement Village and Rest Home being brought forward for construction, if funding was available.

When put to the meeting, the amendment was declared **carried** as the substantive motion.
