

8. WAIMAIRI BEACH GOLF CLUB FUNDING REQUEST

The Board considered a report from the Community Recreation Adviser that presented a funding application from the Waimairi Beach Golf Club to assist in the cost of increasing the height of a fence on the north west side of the golf course, as many residential properties were being damaged.

Whilst members appreciated the club's predicament, the Board **resolved** to regretfully decline the request.

The Board also expressed its willingness to facilitate a meeting, through the Deputy Mayor, between the club and owners, if such a meeting was sought.
